

SHARED GOVERNANCE ICE BREAKER – What do we have in common?

In small groups, you will have five minutes to find five things that everyone in your group has in common. Your goal is to find commonalities among your group that are unique, things that aren't true about the other groups here. You will have to investigate and be creative. Ask questions. Take notes on what you discover.

(If you want to make it a competition.) After five minutes, bring the groups back together and ask each group to read off their list. If any other team generates the same idea then it must be crossed off the list. Any idea that was not included on another team's list results in a point for the team. The team with the most points after all the reading of the lists is declared the winner.
